## Scene of Mexican Race War and American Employer

More trouble is expected at Cananea, Mexico, where, during the last two months, scores have been killed and wounded in a race war between Americans and Mexicans employed at the mines of the Greene Consolidated Copper Co.

Though Col. William C. Greene, the president of the company, has sent telegraphic assurances broadcast declaring that General Torres, the Mexican commander of the district, has the situation well in hand, it is believed that the revolutionary literature circulated by the Mexican Junta will have the effect of prolonging the hostilities between the miners of both races. A sterner international aspect has been lent to the affair by the invasion of Mexican territory by the Arizona Rangers who rode over the border to protect American interests, which act is said to have aroused the ire of President Diaz.

## THE AMERICAN PORTUGUESE

WHAT C. W. BOOTH SAYS, WHO HAS KNOWN THEM FOR MORE THAN TWENTY YEARS.

EDITOR STAR: In justice to the American Portuguese residents of Hawaii, I feel it my duty to say, that my close connection with these people

for over twenty years, as tenants and neighbors, put me in a position to know them very well, while many of the older people do not read or write—they are a law abiding hard working and moral people. It is true they are religious, which I think is highly commendable, and it is through this religious instinct I believe that makes them the good people that they are. The younger generation have nearly all sprang from parents of the class spoken above, receiving in the way of education the best our land can give, together with a determination on the part of their parents, to give their children the education what they themselves had been denied, the consequences are, they

are among our best citizens of today and let us all hope that Mr. Stackpole is successful in adding many thousands more to the list.

Sincerely,  
C. W. BOOTH,

Poua, August 2, 1906.
